

Fruitwood Nursery.com

Online Nursery Business For Sale

Own a unique profitable and efficient nursery business with year round sales & work from home!

We are the Industry's leading supplier of a huge and diverse collection of food producing and otherwise useful plants and plant materials for home gardens, farms, permaculture plantings and restoration projects. Fruitwood Nursery specializes in propagation materials such as scionwood (used in Grafting), cutting wood and rootstocks, as well as a large line of rooted cuttings and seedling starter plugs. We ship up to 250 orders per week in our busy season!

Included in the Sale:

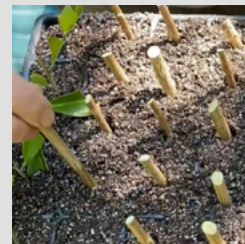

- 🌱 High functioning and easy to navigate optimized **website** on both the front and back end, as well as an efficient and responsive **shipping** platform.
- 🌱 A large number of very loyal, passionate and repeat **customers**.
- 🌱 Large **inventory** of starter plant plugs and a year's supply of scion and cutting wood. Together enough material to do a **full year** of sales.
- 🌱 Young mother **plants** of our complete collection of varieties, allowing you to grow your own mother planting and to produce all your propagation materials in the future.
- 🌱 Complete **training, coaching** and **support** in how to successfully run the business, including: How to propagate and grow the starter plant plug collection, how to grow your own scion and cutting wood mother planting, manage inventory, ship efficiently and much more. *We have figured it out so you don't have to!*
- 🌱 Continued availability to purchase propagation **materials** from our plantings in future years until you are self-reliant from your own.

Scions & Starter plugs ready to ship!
